## **List of Abbreviations and Definitions**

FAST ACT	Fixing America's Surface Transportation Act
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
MPO	Metropolitan Planning Organization
MPMS	Multi-modal Project Management System
NHS	National Highway System
One Map	PennDOT Public Mapping Application
PennDOT	Pennsylvania Department of Transportation
SPC	Southwestern Pennsylvania Commission
TIP	Transportation Improvement Program

## **Project Funding Codes**

APD, APL	Appalachian Regional Commission
BOF	Bridge - Off System
BOO, BON,	Federal Bridge Funds
BUILD	Better Utilizing Investments to Leverage Development
CAQ	Congestion Mitigation and Air Quality
HSIP	Highway Safety Improvement Program
NHPP	National Highway Performance Program
RRX	Surface Transportation - RRX Elimination of Crossing
SXF	Surface Transportation - Special Project - Federal Earmark
STP, STN, STR	Surface Transportation - Any Area in State
STU	Surface Transportation - Urban
TAP, TAU	Transportation Alternatives Program

## **Project Phase Abbreviations**

CON	Construction
FD	Final Design
PE	Preliminary Engineering
ROW	Right of Way
UTL	Utilities

**Southwestern Pennsylvania Commission**

# Annual Listing of Projects with Federal Funding Obligated: Federal Fiscal Year 2021

On December 4th, 2015, President Obama signed into law the Fixing America's Surface Transportation Act (FAST Act) which allocates federal funding for surface transportation programs over fiscal years 2016 through 2020. The FAST Act was extended until December 3, 2021 in order to continue funding transportation projects, with the Infrastructure Investment and Jobs Act (IIJA) taking over as the source of federal funding beginning on November 15, 2021. Per 23 U.S.C. § 134(j)(7)(B) of FAST Act, States and Metropolitan Planning Organizations (such as the SPC) must publish annual lists of projects where federal funds were obligated. Specifically, states and MPOs must produce:

*“An annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review.” 1*

An obligation is the Federal government's legal commitment to pay the Federal share of a project's cost. An obligated project is one that has been authorized by the federal agency and for which funds have been committed. Projects for which funds have been obligated are not necessarily initiated or completed in the program year, and the amount of the obligation will not necessarily equal the total cost of the project. For Federal Transit Administration (FTA) projects, obligation occurs when the FTA grant is awarded. For Federal Highway Administration (FHWA) projects, obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated. **This report includes only FHWA project obligations, as an obligation report for FTA project obligations is released separately by SPC.**

The FAST ACT also dictates that government spending on transportation should be more transparent to State and Local Officials, as well as to the public. As such, the obligated list of projects must be developed through the cooperative efforts of the state, the metropolitan planning organization (MPO) and the public transportation operators who are responsible for tracking project authorizations and obligations spend during the immediately preceding fiscal year.

To address these requirements, this report lists all FHWA transportation projects in the SPC region that were obligated during Federal Fiscal Year 2021 (October 1, 2020 - September 30, 2021). For transit project obligations please see the *Listing of Transit Project Obligations FFY 2021* Document. For more information regarding projects listed in this document, please use the MPMS numbers and project descriptions provided below to look up projects on the [PennDOT One Map application](#) or the [SPC TIP Web Map](#).

For more information, please contact Greg Shermeto at [gshermeto@spcregion.org](mailto:gshermeto@spcregion.org).

**Southwestern Pennsylvania Commission**

## Regional Summary of Federally Obligated Funds for Federal Fiscal Year 2021

The table on the following page breaks down projects in SPC's region which were federally obligated in FFY 2021 by federal funding class. The total federal funding obligated to projects during FFY 2021 was \$298,723,991, which was nearly \$5,000,000 more than the total obligated in FFY 2020. There was \$25,574,591 in savings from previously completed projects, slightly lower than in FFY 2020, which was deobligated from completed projects and obligated to other projects.

The majority of obligated funds were for highway/bridge projects (74.1%). The most significant project obligated \$46,360,737 to fund Laurel Valley Transportation Improvement Project: PA 819 to Norvelt (PA 981-Q20), a corridor safety improvement on PA 981 from its intersection with PA 819 northward along PA 981 to SR 2021 in Norvelt, Mount Pleasant Township, Westmoreland County, which made up 15.5% of the total obligated funds in FFY 2020.

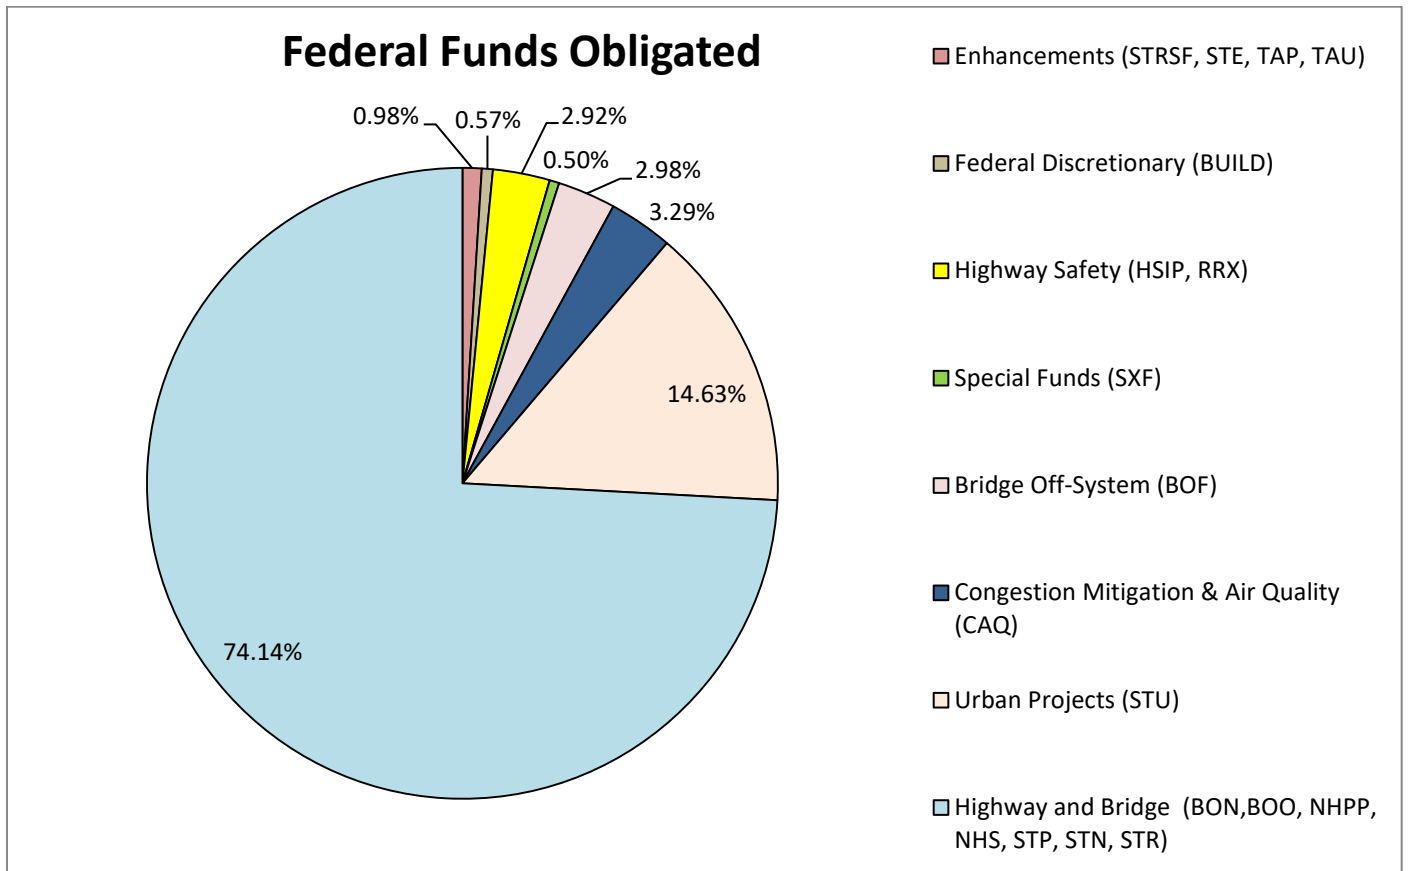

Other significant projects that obligated funds in FFY 2021 included the 7<sup>th</sup> Street Bridge Rehabilitation in the City of Pittsburgh, Allegheny County (\$26,347,000), the relocation of SR 2004 (Freedom Road) from T-606 (Park Quarry Road) to SR 989 in New Sewickley Township, Beaver County (\$24,443,178), and a highway realignment along PA 228 from SR 3007 to PA 8 in Middlesex Township, Butler County (\$14,776,925).

There was a decrease of projects obligating congestion management and air quality in FY 2021, with approximately \$12,200,000 less than the \$22,012,243 in CAQ funds obligated during FY 2020. This is still an increase from the \$6,000,000 in CAQ funds from FY 2019. The CAQ funds for FY 2021 include projects for signal improvements along the Route 8 Corridor from Penn Street to Pittsburgh Street in Butler City, Butler County (\$2,695,300), as well as design and construction of an Adaptive Traffic Signal System along State Route 2040 - Lebanon Church Road- from Bombardier Drive to Buttermilk Hollow Road in Pleasant Hills and West Mifflin Boroughs, Allegheny County (\$1,897,371).

Complete funding amounts are provided in the table, and the funding distribution of obligated funds is illustrated in the pie chart. A comprehensive summary report of individual projects and obligation/deobligation amounts is included beginning on the fifth page.

TIP Projects Obligated in FY 2021

Federal Funding Class	Obligated	%	Deobligated	%
Appalachia Regional Commission (APD, APL)	\$0	0.00%	-\$15,386	0.06%
Enhancements (STRSF, STE, TAP, TAU)	\$2,924,819	0.98%	-\$574,923	2.25%
Federal Discretionary (BUILD)	\$1,694,410	0.57%	-\$1,694,410	6.63%
Highway Safety (HSIP, RRX)	\$8,713,638	2.92%	-\$1,388,689	5.43%
Special Funds (SXF)	\$1,484,872	0.50%	\$0	0.00%
Bridge Off-System (BOF)	\$8,904,697	2.98%	-\$2,058,649	8.05%
Congestion Mitigation & Air Quality (CAQ)	\$9,814,137	3.29%	-\$4,009,838	15.68%
Urban Projects (STU)	\$43,701,434	14.63%	-\$1,306,794	5.11%
Highway and Bridge (BON, BOO, NHPP, NHS, STP, STN, STR)	\$221,485,385	74.14%	-\$14,525,902	56.80%
<b>Grand Total:</b>	<b>\$298,723,391</b>		<b>-\$25,574,591</b>
