List of Abbreviations and Definitions

FAST ACT	Fixing America's Surface Transportation Act
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
MPO	Metropolitan Planning Organization
MPMS	Multi-modal Project Management System
NHS	National Highway System
One Map	PennDOT Public Mapping Application
PennDOT	Pennsylvania Department of Transportation
SPC	Southwestern Pennsylvania Commission
TIP	Transportation Improvement Program

Project Funding Codes

APD, APL	Appalachian Regional Commission
BOF	Bridge - Off System
BOO, BRIP	Federal Bridge Funds
BUILD	Better Utilizing Investments to Leverage Development
CAQ	Congestion Mitigation and Air Quality
CRP	Carbon Reduction Program
FFL	Federal Flood
HSIP	Highway Safety Improvement Program
HVRU	HSIP Vulnerable Road User
NHPP	National Highway Performance Program
RRX	Surface Transportation - RRX Elimination of Crossing
SXF	Surface Transportation - Special Project - Federal Earmark
STP, STN, STR	Surface Transportation - Any Area in State
STU	Surface Transportation - Urban
TAP, TAU	Transportation Alternatives Program

Project Phase Abbreviations

CON	Construction
FD	Final Design
PE	Preliminary Engineering
ROW	Right of Way
UTL	Utilities

Annual Listing of Projects with Federal Funding Obligated: Federal Fiscal Year 2023

The Infrastructure Investment and Jobs Act (IIJA), aka Bipartisan Infrastructure Law (BIL), was signed into law by President Biden on November 15, 2021. The law authorizes \$1.2 trillion for transportation and infrastructure spending with \$550 billion of that figure going toward “new” investments and programs. Per 23 CFR § 450.334 of the Code of Federal Regulations, States and Metropolitan Planning Organizations (such as the SPC) must publish annual lists of projects where federal funds were obligated. Specifically, states and MPOs must produce:

“a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds...were obligated in the preceding program year. The listing shall...include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information...and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.”¹

An obligation is the Federal government’s legal commitment to pay the Federal share of a project’s cost. An obligated project is one that has been authorized by the federal agency and for which funds have been committed. Projects for which funds have been obligated are not necessarily initiated or completed in the program year, and the amount of the obligation will not necessarily equal the total cost of the project. For Federal Transit Administration (FTA) projects, obligation occurs when the FTA grant is awarded. For Federal Highway Administration (FHWA) projects, obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated.

The Infrastructure Investment and Jobs Act (IIJA) also dictates that government spending on transportation should be more transparent to State and Local Officials, as well as to the public. As such, the obligated list of projects must be developed through the cooperative efforts of the state, the metropolitan planning organization (MPO) and the public transportation operators who are responsible for tracking project authorizations and obligations spend during the immediately preceding fiscal year. The IIJA established several new federal formula funding programs that had obligated funds in FY2023, including Bridge Investment Program (BRIP) and the Carbon Reduction Program (CRP).

To address these requirements, this report lists all FHWA transportation projects in the SPC region that were obligated during Federal Fiscal Year 2023 (October 1, 2022 - September 30, 2023). **For transit project obligations please see the *Listing of Transit Project Obligations FFY 2023 Document*.** For more information regarding projects listed in this document, please use the MPMS numbers and project descriptions provided below to look up projects on the [PennDOT One Map application](#) or the [SPC TIP Web Map](#).

For more information, please contact Greg Shermeto at gshermeto@spcregion.org.

Regional Summary of Federally Obligated Funds for Federal Fiscal Year 2023

The table on the following page breaks down projects in SPC's region which were federally obligated in FFY 2023 by federal funding class. The total federal funding obligated to projects during FFY 2023 was \$344,746,012 which was over \$44,000,000 less than the total obligated in FFY 2022. There was \$27,279,884 in savings from previously completed projects, approximately \$6,000,000 higher than in FFY 2022, which was deobligated from completed projects and obligated to other projects.

The majority of obligated funds were for highway/bridge projects (47.9%). This does not include Federal Bridge (BRIP) projects, which make up an additional 16.66% of project funds in the region. The most significant project obligated \$15,777,407 to fund Margaret Road Intersection, a roadway realignment of an existing intersection of US 422 and State Route 2005, in Plumcreek Township, Armstrong County, which made up 5% of the total obligated funds in FFY 2023.

Other significant projects that obligated funds in FFY 2023 included the New Kensington Bridge Preservation on SR 1038 over the Allegheny River in East Deer Township, Allegheny County (\$12,716,000), the PA 711/Crawford Avenue Bridge Rehabilitation in the City of Connellsville, Fayette County (\$7,000,000), The Waynesburg Betterment Highway reconstruction and resurfacing in Waynesburg Borough, Greene County (\$7,000,000), and a bridge replacement project on PA 356 over Pine Run in Allegheny Township, Westmoreland County (\$6,156,475).

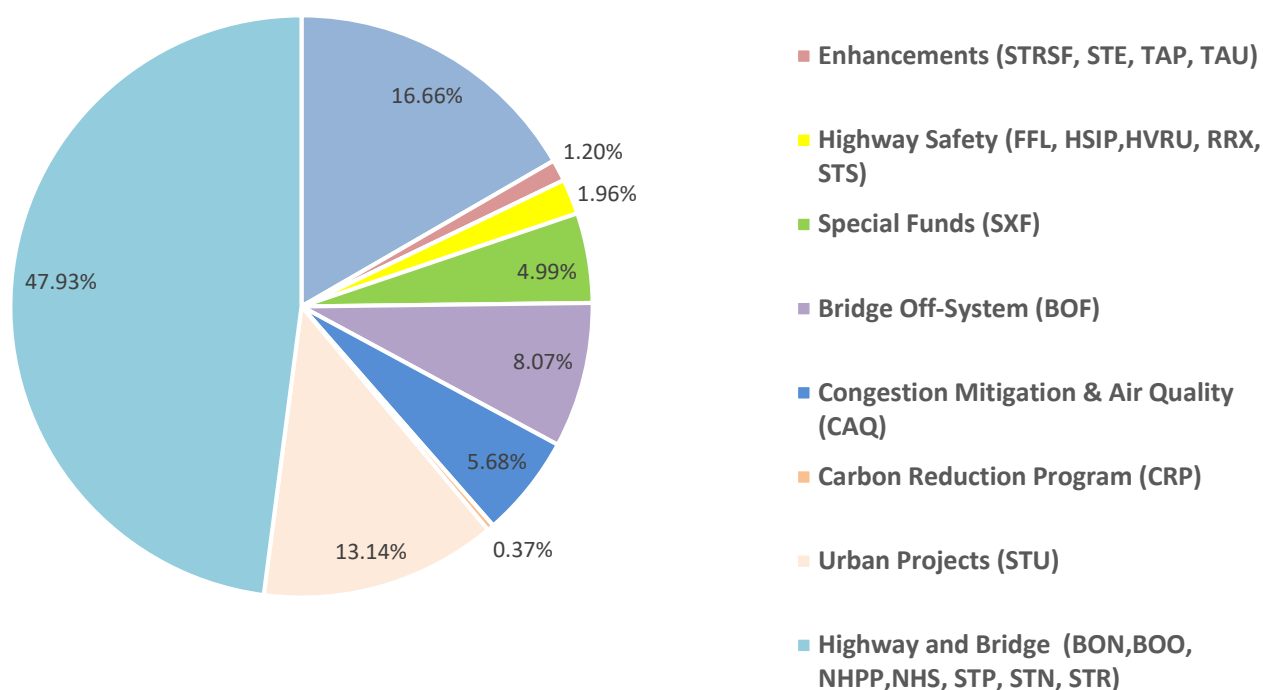

There was a decrease of projects obligating congestion management and air quality in FY 2023 with \$19,591,046 in obligated funds, \$12,666,700 less than the CAQ funds obligated during FY 2022. There was also the first obligation of the new carbon reduction program, which obligated \$1,284,000 of CRP funds for FY 2023. The CAQ funds for FY 2023 include projects for an interchange improvement on I-376 from the Parkway Center Interchange (SR 8091) to the Fort Pitt Tunnel in the City of Pittsburgh, Allegheny County. (\$6,256,072), as well as PA 68 Corridor Improvements including signal replacements in Connoquenessing and Butler Townships, Butler County (\$6,851,048) and for signal improvements along PA 88 in Charleroi Borough, Washington County (\$3,411,237). CRP funds for FY 2023 also include projects for PA 68 Corridor Improvements including signal replacements in Connoquenessing and Butler Townships, Butler County (\$1,124,000) and for signal improvements on SR 4003, McKnight Road, from SR 279 overpass on SR 4003 to Perrymont Road in McCandless Township, Allegheny County (\$100,000).

Complete funding amounts are provided in the table, and the funding distribution of obligated funds is illustrated in the pie chart. A comprehensive summary report of individual projects and obligation/deobligation amounts is included beginning on the fifth page.

TIP Projects Obligated in FY 2023

Federal Funding Class	Obligated	%	Deobligated	%
Federal Bridge (BRIP)	\$57,425,479	16.66%	-\$1,675,559	6.14%
Enhancements (STRSF, STE, TAP, TAU)	\$4,130,227	1.20%	-\$180,084	0.66%
Highway Safety (FFL, HSIP,HVRU, RRX, STS)	\$6,771,126	1.96%	-\$2,479,049	9.09%
Special Funds (SXF)	\$17,195,071	4.99%	-\$136,448	0.50%
Bridge Off-System (BOF)	\$27,822,999	8.07%	-\$2,110,586	7.74%
Congestion Mitigation & Air Quality (CAQ)	\$19,591,046	5.68%	-\$2,926,902	10.73%
Carbon Reduction Program (CRP)	\$1,284,000	0.37%	\$0	0%
Urban Projects (STU)	\$45,295,568	13.14%	-\$2,498,761	9.16%
